*LEED Faculty, Certified Building Commissioning Professional
Senior Project Manager, Conservation Services Group*

Description: Understand the changes between the 2009 IECC and 2012 IECC and how these changes will impact details, material selection, and current construction practices. Emphasis on performance testing is increasing and mechanical ventilation is now required.

This course has been approved by the Massachusetts Board of Building Regulations and Standards for 1.5 hours for Continuing Construction Supervisors Education covering energy.

SEATING IS LIMITED, PRE-REGISTRATION IS REQUIRED.
